

***** Schedule of Events *****

Unfortunately, MANTS is unable to host an in-person tradeshow at the Baltimore Convention Center in January 2021. There are too many unanswered questions due to COVID-19 and so we have prioritized the health, safety, and well-being of our exhibitors, attendees, staff, and allied business partners.

While nothing can replace the interaction and comradery of an in-person show, we are currently developing alternative plans that includes the launch of an online platform to help exhibitors and attendees continue to connect and do business for the remainder of 2020 and well into 2021.

Stay tuned for additional details and a schedule to follow.
